

Environmental Policy Statement Howard Fire Inspections Ltd

Howard Fire Inspections Ltd recognises its responsibility to minimise the environmental impact of its operations and promote sustainable business practices.

To fulfil this commitment, we will:

- Comply with all applicable environmental legislation and regulatory requirements.
- Reduce waste and improve energy efficiency in our operations:
 - reducing paper
 - using electronic reports and records
 - responsible disposal/recycling of office waste
- Consider environmental factors when purchasing:
 - office equipment
 - stationery
 - IT equipment
 - PPE
 - inspection equipment
 - vehicle-related products/services
- Prevent pollution and use resources responsibly.
- Promote environmental awareness among staff.
- Through our inspection of notional doors, our competent inspection can help identify whether an existing door can remain in service rather than being unnecessarily replaced, while recognising that replacement is appropriate where a door is inadequate.

- We endeavour to organise our visits in blocks to reduce the environmental impact of our travel by:
 - combining appointments where practical
 - conducting remote meetings where appropriate
 - Using daily route planning
 - avoiding unnecessary return journeys
 - monitoring business mileage where proportionate
- The company Suzuki vehicle specifically adheres to Euro6 for emissions requirements for clean air.
- Vehicles are maintained appropriately, mileage is monitored and unnecessary journeys are avoided, with vehicle replacement decisions taking environmental impact into account.

We are dedicated to protecting the environment for current and future generations and will review the policy regularly to ensure its relevance and effectiveness in promoting environmental sustainability.
